Project Friendship Society

With the vulnerable groups we support, Covid-19 and the restrictions coming from BC's Health Officer, has caused a cancellation of all programs at this time. Having said that though, PFS continues to engage with our current membership list in the forms of safe no-contact drop offs for holidays, theme days, birthdays. These may include crafts supplies, games, treats and other fun things to stave off some of the boredom. We know this does not replace the weekly social interactions but keeping the connection open is key to the success of our society and the friends we work with. Project Friendship Society is a not-for-profit charity. We are about connecting people, perhaps isolated because of diverse Abilities, with our community, by creating programs of interest such as art, music, culture and recreational activities. We do not believe in disabled but rather ABLED, but in a different way. Over the past 4 years through fundraising initiatives, we have been fortunate enough to offer 12 awards and bursaries to those with divers Abilities or wanting to go into field of same. These are offered through SD 57, CNC and UNBC. For more information on our awards or bursaries and our society please contact: Project Friendship Society PO Box 147 STN A. Prince George, B.C. The Prince George Native Friendship

Centre's Victim Services program provides support for our Prince George community members, who may be struggling after an incident of domestic violence, sexual assault, child abuse, or human trafficking. We offer a genuine, caring and empathetic approach to being present with a survivor, to hear his or her story and to help with the process of moving toward healing. This can include supporting community members during their time attending court, helping to navigate the complexities of the legal system, and helping to find resources that can assist in developing tools for personal wellness. This program supports both Indigenous and Non-Indigenous community members with the challenges that may surface following survival of a crime, including court orientation, victim impact statements, court accompaniment, liaising with crown counsel and the RCMP, providing general court information, and accessing the "Crime Victim Assistance Program (CVAP)". We work collaboratively with and can refer out to counseling, lawyers, multicultural supports, court workers, housing, literacy, human rights complaints services and police complaints services.

Community Care Licensing

The purpose of the Community Care Licensing program is to make sure that licensed facilities are healthy and safe environments for adults, youth and children in care. We represent the public and families who rely on care providers to look after their loved ones. Daycares or residential care facilities that provide care and supervision to three or more children, who aren't related to the caregiver, need a community care facility license. If you or someone you know is providing a type of care that may require a license, please feel free to contact us.
